CHARLOTTE "THE QUEEN CITY"

Center of the Carolinas

Charlotte is located in the center of a territory recognized as the most rapidly developing industrial and commercial section in the South. The eyes of the commercial as well as tourist world are focused on the Piedmont Carolinas, the section of which Charlotte is the geographic and industrial center.

Charlotte's rapid growth as a manufacturing and business center has developed financial institutions commensurate with the demands of the rapidly-growing city and section which they serve.

Charlotte is live, aggressive and progressive.

Charlotte citizens cooperate in matters which prompts the civic, commercial, religious and industrial welfare of the community.

Charlotte is a friendly city. It welcomes the newcomer, be he from the North, West, East or South.

Charlotte is a substantial city—beautiful homes, clean streets, good schools, and the home of Johnson C. Smith University.

In the Carolinas it is . . . Charlotte!

PRESIDENT'S MESSAGE

As members of a great profession, our opportunity to serve humanity has never been greater than at the present time.

The high ideals for improvement and growth which have characterized our past programs should continue to actuate our ambition to study the ever growing techniques and methods in the field of Medicine, Dentistry and Pharmacy.

The realistic approach is mandatory for the physician. We cannot substitute the visionary for the real. Depression and discouragement may face us, but we must keep ever before us the cardinal virtues of the great physician; Curiosity, Open-mindedness, Tolerance and Patience.

"What we put into life"

is a true slogan which must ring in the ears of every successful physician.

May I see you in Charlotte?

LEMUEL T. DELANY, M.D.,
President.
